PLEASE READ BEFORE ORDERING

ALL ORDERS under \$3.00 - Please add 50¢ for postage and packing. Orders of \$3.00 or more in Florida, add 10% for postage and packing.

OUT OF STATE customers to 5th zone - add 15% of order for packing and postage. From 5th zone to 8th zone, add 20% of order for postage and packing.

PLEASE ADD EXTRA for Special Delivery, Air Mail or Special Handling. Orders in Florida are safe to go via parcel post - but to other and farther states it is best to send via Special Handling, or if wanted in a hurry, Special Delivery is almost as fast as Air Mail.

.....
I will put in extra leaves for your postage.

I do not list rooted leaves...but if you wish them and give me time to root them I will do so for 10% more per leaf. In some cases it might take three weeks as some leaves are slow to root.

Rooted cuttings are rooted leaves with little plants on...in various stages of development---mostly ready to divide. I will have other varieties of rooted cuttings in September. Just drop me a line and ask me what rooted cuttings I will have then, and I will send you a list of those available.

Small plants are well-started, out of small pots and are double the price of the leaves - when I have them. I will have a few young plants, also, and some out of three inch pots. Write me your wants.

I do not issue a wholesale list---I do not have room to grow wholesale...but sometimes I get crowded with young plants starting to bloom and I can sell these at 50¢ each, mostly all good older varieties.
